# ABOUT THE SUMMER SCHOOL

This Summer School offers 10 short courses in the fields of health, social studies, sports and education. Join us for 1, 2 or 3 weeks of hands-on learning and fun. Each course leads to 2 ECTS credits and includes a field trip.

The courses in this Summer School are open to all undergraduate students from our partner universities abroad. You don't necessarily have to be studying in the field of health, social studies, sports or education to join up. In fact, that is what makes this Summer School so special. The opportunity to step into unknown territory: a truly rewarding experience.

Social activities? We've got that covered too. Next to your studies, you can join in with lots of fun, social and cultural activities. Like going on a weekend trip to the Western part of the country, including Amsterdam and The Hague: Tour to the West. This way you learn more about the Netherlands and Dutch culture while you're here!
