

X-CHEM OUTREACH SUMMER POSITIONS

Are you a student looking for a fun summer job at StFX while being paid to extend your science knowledge and enhance your communication and organizational skills?

We have positions for Leaders to present **Science** and **Coding** workshops at schools in our region and to work at our various **Science** and **Coding** camps.

We welcome applications from students in all branches of science, including engineering and computer science. A description of our program can be found at <https://www2.mystfx.ca/chemistry/x-chem-outreach/about>

Available positions will vary in length & number as positions are dependent upon funding approval. Positions are for 40hrs per week @ \$14.50/hr and are from 8-16 weeks in length.

To apply please email your cover letter, resume, and unofficial transcript to Jennifer Fraser jlfraser@stfx.ca. Previous work with youth is an asset. Having a car is beneficial for being able to get to workshops and camps off-campus. If you have a car please mention that in your cover letter.

X-Chem Outreach respects diversity and welcomes applications from visible minority group members, women, Indigenous persons, persons with disabilities, and members of sexual minority groups.
