COURSE PLANNING SHEET

- Find your degree program, in Step 2, then the courses that are relevant to you, and write the details below for reference. This will help you keep track of required and desired courses.
- Remember, you will not be able to build your schedule until the Course Timetable is published at **www.stfx.ca/course-timetable**. The Timetable will also include details, like Course Registration Number (CRN), necessary for registering.
- A full course load is 30 credits per academic year (5 courses per term), with the exception of Engineering for which it is 36 credits (6 courses per term). (Lab components do not count as additional credits.)
- Human Kinetics Skills courses each have a credit value of 1.5. HKIN students normally register for 5 courses plus one skill in one term, and 4 courses plus one skill in the other term.
