

SPRING SURVEY

Administrators, teaching and learning leaders, deans and directors, and faculty at Maritime institutions are asked to complete the following survey by June 30, 2023.

The purpose of the CDLRA survey is to explore critical issues in digital learning and to assess the impacts of the COVID-19 pandemic on publicly funded post-secondary institutions in Canada. Your response will provide institutional leaders and key interest groups in Canadian higher education with valuable information as they develop institutional strategies.

If you have any questions or require assistance, please contact the CDLRA Executive Director, Dr. Nicole Johnson at nicole.johnson@cldra-acrfi.ca or 604-825-0582.
