

ACTUARIAL ANALYST

Category: Actuarial Consulting
Location/City: Fredericton, NB
Job Type: Permanent Full-time Position
Region: New Brunswick

We're in the business of helping organizations help their people, because we believe that engaged people are the driving force behind society. Each day, our employees and the programs they deliver are recognized as essential to the financial security, health and productivity of our clients and their people.

To do so, we hire talented professionals and strategic leaders who will embrace the long-term client relationships we value, and will listen and work together with colleagues and our clients to deliver integrative solutions that fit. A career with us includes work/life balance, ongoing education and training, competitive compensation and benefits, and the chance to be a member of a collaborative and dynamic team.

As we continue to grow, we want to hear from exceptional candidates who value their career as an opportunity to help organizations help their people.

Working at Morneau Shepell means:

- Enjoying flexible work hours;
- Possibility to quickly advance your career;
- A flexible benefits program as of first day of work;
- Educational support for SOA exams.

If we sound like an organization that fits you, we're interested in hearing from accountable professionals qualified for the following opportunity:
