Canadian and International Students

Or, if you prefer, fill out the Application Form in the proceeding pages and send to our Admissions Team. Application Forms can also be found by contacting our Admissions Office, or from your school counsellor.

2. Have your high school transcripts sent to us.

NOTE: Students from Ontario are required to submit their transcripts to StFX independently from OUAC.

Early Fall Admissions

Students who have a Grade 11 average of 80% or higher may be considered for Early Fall Admissions prior to their first set of Grade 12 marks being available. Due to limited enrolment, a higher average may be required.

Applicants for Early Fall Admissions must include a set of transcripts showing final Grade 11 marks and a school-approved list of all courses being taken in Grade 12, along with all other application documentation.

Consideration of Early Fall Admissions applicants begins on October 15 and continues until January 31. Applications received after January 31 will be considered traditional applicants and no decision will be made until first term Grade 12 marks are received.

Admissions Requirements

For high school graduates, minimum requirements include an average of 70% in Grade 12, with no mark less than 65% in each of the required subjects. Entrance to all programs is competitive and, as enrolment is limited, higher averages may be required. For details on requirements for specific programs and by region, please go to stfx.ca/requirements.

Applying for the StFX Nursing Program

Application to the Bachelor of Science in Nursing (BScN) program must be complete by the deadline of March 1. Please have your application and 1st semester Grade 12 transcripts submitted by March 1 for consideration. LPN applications have a deadline of February 1 to allow for a Spring term start. BScN–Accelerated 2-year option has a deadline of September 16 for a January start. All decisions will be made following the posted deadlines.

Note: All applicants to the Bachelor of Science in Nursing program and 2-year Accelerated Program are required to complete a 90 minute computer-based online assessment and LPN-BScN are required to complete CASPer.
