2. This is a University policy document that is jointly supported and upheld by the StFX Student’s Union. All student(s) and student groups organizing events on or off campus are responsible for adhering to this policy.

PURPOSE

3. All events have some degree of risk associated with them. The purpose of this policy is to outline requirements that will seek to minimize the level of risk for and to student events while also offer quality events. The process of risk assessment will also give rise to measures to mitigate risk for student events wherever possible.

SCOPE

5. This document applies to any event either on or off campus that is planned, sponsored or supported by any University Recognized Student Groups. All other events will be considered unsanctioned events and reports of these unsanctioned events will be referred to the Student Life Office for possible adjudication under the Community Code.

   To ensure due diligence and obligations under the duty of care principle, the University requires the event planning and risk assessment process be completed for all events planned and organized under this policy. All other events are considered unsanctioned by the University.

LIABILITY AND INSURANCE

6. Persons, groups or organizations can be held responsible for incidents, damages or harm done during or after an event. In Canada, the duty of care is a commonly held standard. That is to say, organizers of events or activities have a duty to care for others where the potential risk is foreseeable.
StFX and the StFX Students’ Union hold liability and property insurance policies. It is the responsibility of the Primary Event Organizers to confirm and arrange for appropriate insurance coverage is in place.
