Financing Your Education

It’s important to start thinking about how to finance your education. Here are options for you to consider:

- **Bursaries:** StFX’s bursary program offers students over $500,000 each year in financial support. We also maintain an extensive external awards website. Visit StFX.ca/Bursaries.
- **Student Loan:** StFX participates in student loan programs with governments in both Canada and the United States. It’s never too early to investigate your student loan options!
- **Campus employment:** Approximately 1 in 4 students are employed on campus each year. A great way to cover costs!
