

SAFETY MEASURES – OUR TOP PRIORITY

The safety of the StFX and Community of Antigonish is our top priority. In Nova Scotia, we are in Phase 4 of the reopening plan. This means that there are safety measures in place you need to be aware of while you are on campus:

1. Parents and student who are from outside of Atlantic Canada and not fully vaccinated must ensure that the mandatory self-isolation is completed before coming to campus.
2. Masks are required in all buildings on campus, except residences. The only exception to this rule is if you are isolating in residence. If you are isolating in residence, masks must be worn outside of your room.
3. Always maintain 2 metres of distance whenever possible.
4. To avoid congestion and minimize interactions in residence, students can have two people help them with moving in.
5. Use the hand sanitizing stations and wash your hands regularly.

CHECKING IN

Check-in for all residents is at the Keating Centre. Please have your student number and StFX email account ready:

Example Student Number: 20210000

Example StFX email: x2021abc

Once checked-in at the Keating Centre, you will be provided with your residence access and you can head to directly to your residence to start moving in. Residence staff, the Hall Director and Community Advisors, will be ready at your residence and can help you find your room. These are the student leaders for your residence and your 'go to' people for anything you may need this year. They will also tell you about the **residence meeting at 3 PM** (so you can start to look forward to it!).

ORIENTATION KITS

The 2021 X-Fest kit includes all your essential branded swag and an all-access bracelet to some unforgettable orientation activities put on by the StFX Students' Union. Some events include: the famous Jell-O slide, Outdoor Headphone Disco, Playfair, Societies Night, Water Park Day, and more.

O-week kits are available to pick up (if you pre-ordered) or to purchase (if you didn't pre-order) inside the Keating Centre. The cost is \$75 plus taxes.

FRIENDS AND FAMILY

Wondering what you do besides helping your student move in? We have information sessions that families have found to be very helpful -- information about student loans, student accounts, residence, important dates, meal plans, health and safety protocols and support services for students, etc. Our friendly staff will be there to share key info and answer your questions. These sessions are **offered twice during each move in day, at 10 AM and 1 PM In the Keating Centre Conference Rooms**. Drop in at the time that is convenient for you.

At 3 PM, students will attend their first residence meeting, so this is typically when families say goodbye (for now). At the same time, Dr. Andy Hakin, President of StFX University, will host a BBQ just for friends and family. There is a Student Services fair where you can browse all the different support services and extra-curricular opportunities at the university. The fair is located in Coach K gym and will be open throughout the BBQ, which is served outside of the Saputo Centre, weather permitting. Members of our senior leadership team will also be there to meet and greet with you.

HERE TO HELP

O'Crew, are fellow students who have been waiting to welcome you to campus and will be very excited to meet you! They are here to answer questions and help you find your way as you move around campus. They will be the ones dressed in the pink shirts – trust us, you can't miss them!
