DISCLAIMER

Liquor Services falls under the University's Conferences Services and Special Events Department. While we do our very best to fulfil as many creative ideas as our clients propose, we are still bound to certain constraints and policies that are not always flexible.

Substitutions are welcome, and sometimes even encouraged. Any and all exchanges must be articulated and agreed upon with the Liquor Supervisor. Depending on the substitution, there may be an additional charge associated with the desired product. This fee is put in place in order to compensate for stocking and inventory.

Finally, all products served through Liquor Services must be acquired by StFX through the NSLC or a Certified Licensee, such as a brewery or winery.

Any leftover product is the property of StFX Liquor Services and cannot be removed by clients or guests.

HOST BAR PACKAGE

One of the most popular packages we offer is a Host Bar. This package offers Standard Bar Package beverages to guests at no charge during the event, with the final bill settled by the client host billed post-event. This option offers a seamless and hospitable experience for attendees, allowing them to enjoy a selection of wine, beer, spirits, and non-alcoholic beverages without the need for individual payment.

Let the Liquor Supervisor know if you want to have a host portion of the event. This is common for a Cocktail Hour at a wedding or conference.

This option will require Bar Package Pricing (Page 3) as well as a deposit:

$$\begin{aligned} &\text{Number of Guests x} \\ &\text{Host Bar Service Hours x} \\ &\$7.25 \text{ (Average Standard Drink Price)} \\ &= \text{Deposit Fee} \end{aligned}$$

The option of a host bar and deposit should be discussed with and agreed upon with the Liquor Supervisor before implementing.

SPECIALTY COCKTAILS AND SPECIAL EVENTS

While we do supply the alcohol and bartenders, Liquor Services does not always have the capabilities or necessary components to execute all special requests. We will, however, always try our best to accommodate.

Specialty Cocktails are a great way to add a personal touch to your event. Perhaps you want to spruce up your Wedding Cocktail Hour with an Espresso Martini or maybe your Gardening Convention needs some Spicy Caesars? These options and among many others are all concoctions you can add to your bar service.

Table Wine is a great way to set the mood for the dinner portion of the event. Please make a selection from our House Wine's or speak with the Liquor Supervisor about procuring your ideal offering. The event host will be billed back post-event. Should you desire a certain limit to table wine, please articulate that with the Liquor Supervisor.

Champagne Toast for the newlyweds, the retiring CEO, the blockbuster deal, or just because, we are ready to raise a glass to you! **Benjamin Bridge Brut** is available for **\$9.25 per glass** or **\$35 a bottle**.

Depending on the specialty cocktail or the table wine, the client could be charged with a stocking fee or incur the cost of any necessary ingredients. Please see the disclaimer on substitution in the Standard Bar Package. (Page 5)

Drink Tickets: Please speak with the Liquor Supervisor should you wish to offer a set number or unlimited number of tickets. These tickets will be billed back to the client post-event. The bar staff will mark down the price point of the drink on the back of the ticket at the point of redemption.
