

Sociology 100.11
Course marking scheme
Explained in the first lecture September 12, 2011

The two texts (Required) for this course are ...

Starting points: A Sociological Journal by Lorne Tepperman
A Writer's Resource 2nd Edition by Maimon et al

If you do all the assignments, your effort could return 110 marks. The lowest 10 marks will be dropped to achieve your final grade. There are 50 points for the first term and 60 points for the second (including the final essay exam).

Assignments

Every student will keep an electronic portfolio of all written material submitted in the course.

This must be kept in a Word file named with your first and last name yourname.doc in chronological order and passed in at the end of each term. Items in RED are portfolio items; items in green are tests or exams.

How to submit:

Email dmacinne@stfx.ca

Attach a WORD file with all the required portfolio essays, (each item is separate from each other by inserting a page break within the file) and this file is named by using your last name followed by your first name (e.g. Claus Santa.doc). To see the files included in the portfolio, look below for red entries.

Items are due on the days assigned
